

## Silhouette benchest

I've heard too many times, "I wish we could shoot this off the bench." So let's do it.

This is not a NRA approved match.

Lever action silhouette, pistol cartridge, and rimfire.

Smallbore silhouette, standard, and hunting rifle.

All rules will follow NRA guidelines for their match, with the exception of being able to shoot off the bench, using only a front rest only.

Shoot offs will be a 5 shot string, followed by sudden death if needed, shooting at chickens a 100 yards.
