Texas Star Target

Smallbore Silhouette - May 23, 2015

This shooting game is one of the most challenging, yet rewarding at the same time, not too intimidating.

The object of the game is to knock the ridiculously small metallic targets, chicken, pig, turkey, and ram, from their stands at their respective distance of 40 meters to 100 yards with a .22 caliber rifle.

Air Gun Match - May 17, 2015

Olivia started slow and improved. The rest of the group started slow and got worse.

The new facility in Hiawassee is a much better place to shoot. It has good lighting and plenty of space.

Hoping to get more shooters next match, June 7th.

SUB-COMPACT PISTOL SHOOT/CLINIC

More Info..... Here's a little more information on our shoot that will be held on August 8th.

As stated in the last newsletter, the object of this clinic is not only to have an enjoyable day shooting, but to give occasional shooters the chance to gain a little more experience in shooting their gun. Lunch will not be served so you may wish to bring a snack and something to drink. We are somewhat limited in chairs so something to sit on may be helpful.

With the exception of safety, there will not be a lot of complicated rules. The idea is to have a good time and gain a little more experience in shooting. There will be 4 stages and guns may be loaded with no more than 5 shells at a time. This will put the shooter with a snub nosed revolver that holds 5 shots on the same level as the person who has a gun that holds 9-10 shells and the idea is that every one will be equal. There is no restriction on caliber. Guns should not have a barrel more than 3 inches long but we will fudge on this a little if your barrel is a little longer. Just don't bring a competition gun with a 6 inch barrel as that is not the theme of the clinic. There will be no drawing from a holster so you don't need one. We will practice reloading a little but ample time will be allowed. Spare magazines and speed loaders are allowed but not necessary in this clinic.

Please be sure that all guns are unloaded when arriving at the range. No one should come through the gate with a loaded gun.

More next month..... but if you would like a heads up on this clinic, you may call *Gene Blackburn at 706-379-1707 or Nelson Fagan at 706-781-6078.*
